Dear Mr. MacAubrey

Many thanks for your letter of 12/6, which arrived when I was in New Orleans. I'm way behind in my work and mail, so I must be brief.

Someone else is following my photo work and doing very well.

I share your unfavorable opinion of Joesten. He augments himself with re-writing the work of others, pretending it is original. He appears not even to have the 26 volumes of printed evidence. I have seen some of the more recent stuff to bear his name. It is trash.

Again, thanks for the trouble you took in writing.

Sincerely,

Harold Weisberg
